

# Application summary sheet for programme-specific requirements and selection: Master's Programme in Infection Biology

## Personal details

First name	Family name
Application number	

## Application checklist

I have read and followed the country-specific requirements, specified at [www.universityadmissions.se](http://www.universityadmissions.se) and my application is complete.

I have read and followed the programme-specific instructions for the [Master's Programme in Infection Biology](#), specified on the specific programme page.

I have filled out this document carefully and uploaded this summary sheet and all required supporting documents through [www.universityadmission.se](http://www.universityadmission.se) or [www.antagning.se](http://www.antagning.se).

I have not completed my Bachelor's degree at this point but will before the programme starts in August. I have therefore submitted a signed statement stating that I am a currently enrolled student and participating in my last semester of studies.

I have relevant practical/working experience and have uploaded documentation, certification and/or recommendation letter.

## Education

### Bachelor's/Undergraduate degree

Awarding university	Country
Degree	Years of studies
Field of study	
CGPA* in local grading system	CGPA* as % of maximum grade
Maximum grade in local grading system	Minimum pass grade in local grading system

### Master's/Graduate degree (if any)

Awarding university	Country
Degree	Years of studies
Field of study	
CGPA* in local grading system	CGPA* as % of maximum grade
Maximum grade in local grading system	Minimum pass grade in local grading system

\*CGPA = Cumulative Grade Point Average

Education (*continued*)

Additional studies (e.g. freestanding courses, doctoral degree/studies etc.)

A large, empty rectangular box with a thin black border, intended for the applicant to provide details about their education and additional studies. The box is currently blank.

## Required courses

Under each subject, please fill in most relevant courses with “Course name”, “Credits in local scale” and “Grade in local scale” as indicated in the transcript of your studies.

If a subject constitutes a full course or a part of a course please estimate the “Total hours of studies in the subject” or “Credits converted to ECTS credits” using the following formula: One week of full time studies in the subject corresponds to 40 hours of studies and equals 1.5 ECTS credits. Fill out one of the columns hours or ECTS credits.

Subject	Course name <i>In case the “Course name” does not clearly indicate the required subject (biochemistry/cell biology/genetics), please submit also the course syllabus with the required subject topics highlighted.</i>	Credits in local scale	Grade in local scale	Local credits converted to total hours of studies in the subject	Credits converted to ECTS credits
Biochemistry and/or biomedicine					
Molecular biology					
Cell biology					
Genetics and/or molecular genetics					
Immunology					

## Required courses (continued)

Subject	Course name <i>In case the "Course name" does not clearly indicate the required subject (biochemistry/cell biology/genetics), please submit also the course syllabus with the required subject topics highlighted.</i>	Credits in local scale	Grade in local scale	Local credits converted to total hours of studies in the subject	Credits converted to ECTS credits
Microbiology					
Pharmacology					
Other relevant subject courses					

## Experimental laboratory experience

I do not have experimental laboratory experience from course practicals.

I have experimental laboratory experience from course practicals.

## Research project experience

I have performed one or more independent research projects, internships or other. Please fill in the title, abstract and length of the projects.

I am currently undertaking or planning to do a research project as described above. Please describe your project as careful as possible including start and end date.

I have not done any research project of this kind.

Please indicate if the project is included in a prior degree.

Abstract or project description. Maximum 250 words per project, including the project title and the duration of the project as number of weeks of full time study.

## Relevant work experience (if any)

Please describe your relevant work experience for the Master's programme you are applying for; work place, length of time and tasks. Upload documents and/or recommendation letters to certify this experience to [www.universityadmissions.se](http://www.universityadmissions.se) or [www.antagning.se](http://www.antagning.se).

## Statement of purpose

Please describe your main research interest and why you want to study the Master's Programme in Infection Biology at Uppsala University. Maximum 400 words.
