Degree project – Supervisors detailed opinions

Information: These opinions, that in part may form the foundation for the final assessment, are to be sent directly to the coordinator and will not be forwarded to the student.

I rate the students' performance according to the following:

1. The student had adequate previous knowledge for the Degree project.

Do not agree at all *Fully agree*

2. The student had enough of practical/laboratory skills to successfully complete the project.

Do not agree at all *Fully agree*

3. The student was thorough and documented the experiments/studies well.

Do not agree at all *Fully agree*

4. The student was creative, took own initiatives and worked independently.

Do not agree at all *Fully agree*

5. The student responded to instructions well and was active.

Do not agree at all *Fully agree*

6. The student generated and analysed data reliably.

Do not agree at all *Fully agree*

7. The student mediated and discussed results orally in a good way.

Do not agree at all *Fully agree*

8. The student has summarized the work well in the written report.

Do not agree at all *Fully agree*
