

Undertakings internal degree project within technical programmes at Uppsala University

§ 1 This undertaking applies to:

The student's name, hereinafter referred to as the Student	Personal identity number
The research team's leader, hereinafter referred to as the Project owner	Personal identity number

§ 2 During the degree project, the Student will participate in the work for the research team

.....

§ 3 During the degree project the guidelines determined for technical programmes apply. These guidelines can be found here: [Guidelines and instructions for the degree project course within the technical programs at Uppsala University - Uppsala University, Sweden \(uu.se\)](#)

§ 4 The Project owner undertakes to collaborate with the Student in accordance to requirements which are regulated in detail in the project description. Both parties are aware that the collaboration must result in a written report prepared by the Student.

§ 5 The Project owner must inform the Student about which safety provisions apply at Project owner's facility.

§ 6 The Student is aware that they may get access to information which the author(s) consider as a valuable asset, where the value is dependent on it not being disclosed. Such information must be confidential.

The Student undertakes not to disclose or disseminate confidential information during their time in the research team and for ... (maximum three (3)) years thereafter, without the written consent of the owner of the information. The Student is aware that this may affect the time of publication of their thesis in the open database DiVA.

The above does not apply to information that:

- upon receipt demonstrably was public knowledge or which thereafter without breach of this agreement became public knowledge;
- The Student was demonstrably already in possession of upon time of receipt;
- The Student demonstrably received in a legal manner from a third party without obligation of secrecy;
- has been developed independent of the Project owner's information.

§ 7 The Student undertakes to return confidential information upon request by the Project owner, without retaining any copies thereof.

§ 8 The Student's participation in any publication of the results should be settled in a separate agreement.

§ 9 Intellectual rights of the results belongs to the party who generates them.

§ 10 The Student is entitled to utilise their own results for their education and research.

§ 11 The written report will be made available for examination.

§ 12 The written report will be archived by Uppsala University.

This undertaking has been prepared in two copies, of which the Project owner and Student have one each.
