

PRE-PROJECT FORM

Filled in by U-CAN

INFORMATION

This form is intended for potential U-CAN users and/or collaborators having an intention of submitting a project application or initiating a formal collaboration. The form is solely intended for internal U-CAN purposes in order to facilitate a rapid process whereby U-CAN can determine whether or not the proposed project or collaboration is feasible. Since U-CAN operates under the Swedish Public Access to Information and Secrecy Act (2009:400) it is not recommended to disclose restricted or sensitive information in the form as it will be considered a public document.
